Auditor's Responsibilities for the Audit of the Consolidated Financial Results

7. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always

detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Financial Results.

- 8. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Consolidated Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. In terms of RBI Directions, we are also responsible for expressing our opinion through a separate report on whether the Company has adequate internal financial controls with reference to the Consolidated Financial Results in place and the operating effectiveness of such controls.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the Statement, including the disclosures and whether the Statement represent the underlying transactions and events in a manner that achieves fair presentation.

We consider quantitative materiality and qualitative factors in (i) planning of the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Trading	Represents fertilizers imported / locally sourced and marketed for agricultural use.

Unallocable income primarily includes interest income, dividends and profit on sale of investments. Unallocable expenditure mainly includes corporate expenses not allocated to segments. Unallocable assets mainly comprise investments, corporate assets and other financial assets including receivable towards import of urea on Government of India account. Unallocable liabilities mainly comprise borrowings, tax liabilities and other financial and non financial liabilities including payable towards import of urea on Government of India account.

Effective from 01st October, 2023, Government of India has announced reduction in rates of Nutrient Based Subsidy (NBS) which has adversely impacted 5 profitability of Phosphatic and Potassic (P&K) fertilizers. Directives have been given to Fertilizer CPSE's by Department of Fertilizers (DOF) vide letter No F, 21-01/2023-FM dated 21st September 2023 to ensure availability of Phosphatic and Potassic (P&K) fertilizers in Rabi 2023-24 and undertake such procurement on priority. The price adversity if any beyond applicable NBS Subsidy rates will be addressed by DOF to protect at no profit no loss basis. Accordingly based on such directives of DOF, with assurance of protection of losses on such imports, the Company has undertaken import of DAP and NPK fertilizers during the period October to March 2024. Further, DoF has directed for submission of the data duly audited by statutory auditor of the Company and approved by Board of Directors.

Accordingly pending submission of a duly audited claim, the Company has recognized compensation towards such differential which is over and above the notified NBS rates based on its estimates amounting to approximately ₹ 207.23 crore (₹ 50.18 crore during the quarter ended March 2024) in line with DOF's assurance.

- The Company has undertaken production of Sulphur Coated Urea of 3791.72 MT (with 1804.32 MT produced during the quarter) for commercial purpose. 6 Government of India has notified the Maximum Retail Price (MRP) which is on similar lines as that of Neem Coated Urea. However as the subsidy rates are yet to be notified, Company has estimated the subsidy based on the proportionate Nitrogen content of notified subsidy rates of Neem Coated Urea. The Company has approached DOF for notifying the subsidy of Sulphur Coated Urea. The total impact of the same works out to ₹ 10.81 crore.
- Property Plant and Equipment: Title deeds of Immovable properties

In respect of immovable properties other than land, i.e. building and other structures situated at its Trombay and Thal units Company has self-constructed properties on the land owned by the Company as evidenced by property cards/title deeds of land.

Company had come into existence in 1978 as a result of Government of India reorganising Fertilizer Corporation of India Ltd. and National Fertilizers Ltd. Consequent to the same, major portion of immovable assets at its Trombay unit became vested with the Company. In case of Thal unit, such properties on the Company's land were erected over the years following land acquisition effected around 1978. Thus records pertaining to self-constructed properties are not readily available since they date back to more than 40 years.

Based on legal opinion obtained from legal and regulatory experts on land matters and also has other documentary evidence in that regard, Company is of the view that it has clear title to the same. Company has also initiated the process of obtaining appropriate evidence of the approvals/permissions taken for construction of the self-constructed properties from the respective regulatory authorities.

In FY 2022-23, the Company was in receipt of debit note from Gail India Ltd. towards pooled price differential worked out on an annual basis for the year 2021-22. 8 As per the same, the Company is required to contribute additionally to the pool account. It has been observed that the differential has been arrived at by substituting EPMC gas meant for Urea Operations with cheaper market price gases specifically contracted by the Company for non-urea operations.

Similarly, as per Department of Fertilizer's (DoF) directives during the year 2022-23, the Company had sourced Spot gas for its urea operations in lieu of gas sourced under the EPMC mechanism which also has not been considered in the pool price and was substituted with cheaper market price gases specifically contracted by the Company for non-urea operations resulting in additional contribution to the pool account.

The Company is of the view that EPMC gas / Spot gas is specifically meant for urea operations and thus needs to be subsumed in arriving at the final pool price and the same should be considered in the subsidy of urea, since the cost of gas is a pass through. The matter has been represented to DoF.

As the non-recognition of such EPMC Gas / Spot gas sourced as per DoF's directives for Urea Operations is not in accordance with the principles of gas pooling mechanism, the Company has continued to recognize such differential i.e. (EPMC / Spot gas price – Cheaper market gas price) amounting to ₹ 0.73 crore for the year ended March 2024 (₹NIL for the quarter ended March 2024) and ₹ 80.57 crore cumulatively till March 2024 which has been shown as receivable from DoF.

Notes:

1 The above financial results are drawn in accordance with the accounting policies consistently followed by the Company. The results have been reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on 17th May, 2024. These results have been audited by the Statutory Auditors as required under Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

2 The results for the quarter and year ended 31st March, 2024 are in compliance with the Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

3	Based on the nature of business activities undertaken identified:	by the Company and requirement of Ind AS 108 - Operating Segments, following are the operating segments	
	Segment	Nature of Activities	
	Fertilizers	Production and supply of various grades of Fertilizers for agricultural use.	
	Industrial Chemicals	Production of various chemicals and supply to diverse industries.	
	Trading	Represents fertilizers imported / locally sourced and marketed for agricultural use.	1

Unallocable income primarily includes interest income, dividends and profit on sale of investments. Unallocable expenditure mainly includes corporate expenses not allocated to segments. Unallocable assets mainly comprise investments, corporate assets and other financial assets including receivable towards import of urea on Government of India account. Unallocable liabilities mainly comprise borrowings, tax liabilities and other financial and non financial liabilities including payable towards import of urea on Government of India account.

Effective from 01st October, 2023, Government of India has announced reduction in rates of Nutrient Based Subsidy (NBS) which has adversely impacted profitability of Phosphatic and Potassic (P&K) fertilizers. Directives have been given to Fertilizer CPSE's by Department of Fertilizers (DOF) vide letter No F.21-01/2023-FM dated 21st September 2023 to ensure availability of Phosphatic and Potassic (P&K) fertilizers in Rabi 2023-24 and undertake such procurement on priority. The price adversity if any beyond applicable NBS Subsidy rates will be addressed by DOF to protect at no profit no loss basis. Accordingly based on such directives of DOF, with assurance of protection of losses on such imports, the Company has undertaken import of DAP and NPK fertilizers during the period October to March 2024. Further, DOF has directed for submission of the data duly audited by statutory auditor of the Company and approved by Board of Directors.

Accordingly pending submission of a duly audited claim, the Company has recognized compensation towards such differential which is over and above the notified NBS rates based on its estimates amounting to approximately ₹ 207.23 crore (₹ 50.18 crore during the quarter ended March 2024) in line with DOF's assurance.

- 5 The Company has undertaken production of Sulphur Coated Urea of 3791.72 MT (with 1804.32 MT produced during the quarter) for commercial purpose. Government of India has notified the Maximum Retail Price (MRP) which is on similar lines as that of Neem Coated Urea. However as the subsidy rates are yet to be notified, Company has estimated the subsidy based on the proportionate Nitrogen content of notified subsidy rates of Neem Coated Urea. The Company has approached DOF for notifying the subsidy of Sulphur Coated Urea. The total impact of the same works out to ₹ 10.81 crore.
- 6 Property Plant and Equipment: Title deeds of Immovable properties

In respect of immovable properties other than land, i.e. building and other structures situated at its Trombay and Thal units Company has self-constructed properties on the land owned by the Company as evidenced by property cards/title deeds of land.

Company had come into existence in 1978 as a result of Government of India reorganising Fertilizer Corporation of India Ltd. and National Fertilizers Ltd. Consequent to the same, major portion of immovable assets at its Trombay unit became vested with the Company. In case of Thal unit, such properties on the Company's land were erected over the years following land acquisition effected around 1978. Thus records pertaining to self-constructed properties are not readily available since they date back to more than 40 years.

Based on legal opinion obtained from legal and regulatory experts on land matters and also has other documentary evidence in that regard, Company is of the view that it has clear title to the same. Company has also initiated the process of obtaining appropriate evidence of the approvals/permissions taken for construction of the self-constructed properties from the respective regulatory authorities.

7 In FY 2022-23, the Company was in receipt of debit note from Gail India Ltd. towards pooled price differential worked out on an annual basis for the year 2021-22. As per the same, the Company is required to contribute additionally to the pool account. It has been observed that the differential has been arrived at by substituting EPMC gas meant for Urea Operations with cheaper market price gases specifically contracted by the Company for non-urea operations.

Similarly, as per Department of Fertilizer's (DoF) directives during the year 2022-23, the Company had sourced Spot gas for its urea operations in lieu of gas sourced under the EPMC mechanism which also has not been considered in the pool price and was substituted with cheaper market price gases specifically contracted by the Company for non-urea operations resulting in additional contribution to the pool account.

The Company is of the view that EPMC gas / Spot gas is specifically meant for urea operations and thus needs to be subsumed in arriving at the final pool price and the same should be considered in the subsidy of urea, since the cost of gas is a pass through. The matter has been represented to DoF.

As the non-recognition of such EPMC Gas / Spot gas sourced as per DoF's directives for Urea Operations is not in accordance with the principles of gas pooling mechanism, the Company has continued to recognize such differential i.e. (EPMC / Spot gas price – Cheaper market gas price) amounting to ₹ 0.73 crore for the year ended March 2024 (₹NIL for the quarter ended March 2024) and ₹80.57 crore cumulatively till March 2024 which has been shown as receivable from DoF.

Management's Responsibilities for the Standalone Financial Results

- 4. The Statement has been compiled from the audited annual Standalone Financial Statements and approved by Board of Directors. The Company's Board of Directors are responsible for the preparation and presentation of these standalone Financial Results that give a true and fair view of the financial positions, financial performance and cash flows of the company in accordance with the accounting principle generally accepted in India including Accounting Standards issued by the Institute of Chartered Accountants of India, and in compliance with Regulation 33 and Regulation 52 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- 5. In preparing the Statement, the Board of Directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 6. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

7. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and

Page 3 of 5

Parakh & Co.

Chartered Accountants 914, 9th Floor, Wing B Kanakia Wall Street Premises, Chakala, Mumbai(Maharashtra) India -400093

are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Financial Results.

- 8. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Standalone Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. In terms of RBI Directions, we are also responsible for expressing our opinion through a separate report on whether the Company has adequate internal financial controls with reference to the Standalone Financial Results in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the Standalone Financial Results made by the Board of Directors.
 - Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the Statement, including the disclosures and whether the Statement represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of the misstatements in the Standalone Financial Statements that, individually or aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning of the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The Standalone financial Results of the Corporation for the year ended March 31, 2023 were audited by M M Nissim & Co. LLP and Gokhale & Sathe (Joint Auditors) whose report dated May 30, 2023, expressed an unmodified opinion on those standalone financial results.

Our opinion is not modified in respect of this matter.
